

Greetings,

We hope this letter finds you well. As things continue to progress back to normal we hope that your health and success continues strong! Some of you may know that last year was the inaugural year for the North Star Point Series. It was quite the ride! A lot of learning from all parties involved, the committee, the kids and the shows! However, all in all we feel it was extremely successful.

As a reminder, the North Star Point Series was started to provide another opportunity for kids involved in the cattle industry to excel and experience achievements. Points are accumulated by their participation and placings at sanctioned shows throughout Minnesota. The more shows they attend, the more points they have an opportunity to secure. This also offers networking opportunities amongst the kids, with an annual recognition banquet at the end of the year. This has been successfully carried out in other states, and we are excited to bring the opportunity to youth in Minnesota.

For 2021, the first year, we had 90 kids sign up as exhibitors, and a total of 169 animals signed up competing in the series. We had 23 sanctioned shows to gain points at and we awarded many kids at the year-end banquet with prizes. So far for 2022 we have 56 exhibitors and 81 head signed up. Which means we are over half way to where we were last year and we feel that 2022 will be even better than our 2021 outcome!

On the next page, you will see various opportunities to sponsor this great event and support the future of our livestock industry. All sponsorships will include your name/company logo printed in the banquet program as well as highlighted on the NSPS Facebook page and website as well as other intriguing opportunities! The monetary donations that we receive will go towards awards and scholarships for the juniors, along with the expenses of putting together a banquet at the end of the show season to recognize the juniors who succeeded within the series.

We know there may be many questions regarding the series and our intentions so please feel free to reach out to any of the committee members listed on the bottom of this page with questions, comments or concerns you have.

Best Regards,

NSPS Committee
